2021 Specialty Camps:

Junior Specialty (ages 7-9)

- **Animals, Art, and Cooking! (Session 1- June 14-July 9)**
 - This specialty camp is a mix of three of our most popular specialty camps! Campers will spend time learning about our animals on our farm and other animals we might find native to Maine. Over the four weeks we will also focus on art through many mediums and cooking, baking, and safety in the kitchen!
- **Sports and STEM! (Session 2- July 12-August 6)**
 - Sports and STEM combines our very popular Einstein and flight camps with a focus on sports and games added in! Expect to complete science experiments, learn some new sports, and get even more practice at some old favorites.

Senior Specialty (ages 10-14)

- **Adventure Camp! (Session 1- June 14-July 9, Session 2- July 12-August 6)**
 - We've created this adventure camp to allow our older campers to focus on some of their favorite camp activities like low and high ropes, archery, and outdoor survival skills. This camp will also include some mountain biking skills with the Portland Gear Hub and a few overnights throughout the session!
